CODING CREW
EACH ONE TEACH ONE

Introducing Coding Crew

Introducing Coding Crew: A unique program where students teach their younger counterparts coding, using MIT's Scratch platform. Building young leaders through peer-led coding instruction.

📁 Key Details

SCRATCH

- 10 hours of fun-filled content.
- Flexible scheduling: from 1 hr/week to 2-day bootcamps
- Remote training and teaching materials are **FREE**

👆 Your Commitment

- One computer for every two students.
- An adult Teacher Assistant from your staff to supervise.

🕹 Community Arcade Day!

The program culminates in a showcase of games made by students!
